## registration information

---

### RIS

- go check your RIS after this; also check before class registration

### registering for classes

- this isn't my RIS, but it has a link to it, its a useful resource

### audit stuff

- go look at your audit
  - progress bar might be a bit behind, its bc taking 12 hours right now
- audit has your current classes as if finished
- when you run a new audit; normally takes seconds

### registration and degree planning

- this is the place to go and get your audit and some other stuff

### schedule

- this is the place to go thru and find courses
  - you can look at past syllabi
- there's a lot of tools to restrict your searches
- you need a class where the second number is 1 or 0, any higher and shits bad

## testing and claiming credit

### claiming credit

- placement vs credit
  - you want credit but costs money
  - goes to your what I owe page

### testing

- [student testing services](#)
  - [monthly test schedule](#)
  - will give u everything you need
- there's a us history test can take you need ask about

## RTF course descriptions

### extra notes

- long term planning; meet with ACADV
  - meet with her to know what credits to claim as well
- you need to go thru and do stuff with

- AP tests and dual credit
- when in doubt; google

## TEST OUT OF THESE

- ask about us gov test
- you can try to test out of languages
- test out of math
